This Addendum forms a part of the Request for Qualifications (RFQ) and modifies the original RFQ documents issued July 6, 2017.

Request for Qualifications

Item 1.1 Summary of Project and Required Services

A. Project Description has been updated:

This project will provide programming for the renovation of the Gross Anatomy Lab located in the basement of Wittenborg (1926) and Link (1990) Buildings.

The programming for this work will review and recommend changes for the interiors of the facility that currently occupies approximately 13,800 square feet. This lab is used by every student during their time on the campus which ranges from 2,500 – 3,000 students.

B. Clarification for Article E – Although this scope of work is mainly for interior renovation the Masterplan aspects should be reviewed to highlight interconnectivity of these labs to other departments on campus.

Item 1.2 Additional Information

The future project budget for this anticipated project will be based upon the analysis by the programmer throughout the programming process, and determined at the conclusion of this process.

Exhibit 1 Terms Governing this Solicitation

Item 2.1 Article K

Fees associated with this scope of work will be determined based upon this article.
